Code of Behaviour

Sample document for demonstration only

Our school aims to be a happy, safe and respectful place where every child can learn. This code of behaviour explains what we expect from pupils, what pupils can expect from staff, and how we respond when things go wrong.

We expect pupils to be kind, to listen to others, to take care of property and to follow the school rules. Good behaviour is recognised with praise, class awards and a note home. Where behaviour falls short, staff use a graded response, beginning with a reminder and a chat, and involving parents early if a concern continues.

The Board of Management reviews this code every three years, with input from staff, parents and pupils. A copy is given to every family on enrolment.
