Admission Policy

Sample document for demonstration only

Ballyclare National School is a mixed, co-educational primary school. We welcome applications from all families in our community. This policy sets out how places are offered if there are more applications than places.

Applications for Junior Infants are made on the enrolment form, which is open from the first week of October to the end of January for the following September. Places are offered by the end of February, and families have two weeks to accept.

Where we have more applicants than places, we use the criteria in this policy in order of priority, such as siblings of current pupils and children living in our parish. We do not hold interviews or ask for a donation.
